---

### PRODUCT MAINTENANCE:

#### Powdercoated Mild Steel:

1. Regularly dust surface with damp cloth.
2. Wash with a soft cloth and warm soapy water.
3. Always dry with a lint free cloth.

**DO NOT:** Use abrasive pads, brushes, or cleaners like steel wool, as it will scratch the surface.

**DO NOT:** Use powder, concentrated detergents, or silicone-based furniture polishes.

**NOTE:** Chipping and breaking of the coating may result in deterioration of the product and should be addressed.

#### Stainless Steel:

1. Regularly dust surface with damp cloth.
2. Wash with a soft cloth and a stainless-steel cleaning agent.
3. Always dry with a lint free cloth.

**DO NOT:** Use abrasive pads, brushes, or cleaners, like steel wool, as it will scratch the surface.

**NOTE:** These bases lightly scratch with normal use. The scratches are not unpleasant and over time create a nice patina on the surface.

#### Vinyl:

1. Regularly vacuum using a soft brush and wipe with a wet sponge or cloth.
2. Protect from direct sunlight.
3. Treat spills and stains as soon as possible by blotting liquid spills with a clean dry cloth. Wipe with a clean cloth dampened with warm water. Dry in shade away from direct heat.
4. A soft bristle brush may be used to remove ingrained soil. Avoid scratching by gentle brushing.

**DO NOT:** Use abrasive powder, detergent based or paste cleaners.

**DO NOT:** Wet excessively or clean with hot water extraction machine or on-site dry-cleaning machine.

**NOTE:** Annual professional cleaning is highly recommended.
