PRODUCT MAINTENANCE:

Powdercoated Mild Steel:

1. Regularly dust surface with damp cloth.
2. Wash with a soft cloth and warm soapy water.
3. Always dry with a lint free cloth.

DO NOT: Use abrasive pads, brushes, or cleaners like steel wool, as it will scratch the surface.

DO NOT: Use powder, concentrated detergents, or silicone-based furniture polishes.

NOTE: Chipping and breaking of the coating may result in deterioration of the product and should be addressed.

Stainless Steel:

1. Regularly dust surface with damp cloth.
2. Wash with a soft cloth and a stainless-steel cleaning agent.
3. Always dry with a lint free cloth.

DO NOT: Use abrasive pads, brushes, or cleaners, like steel wool, as it will scratch the surface.

NOTE: These bases lightly scratch with normal use. The scratches are not unpleasant and over time create a nice patina on the surface.
