Postura[®] Plus

All Sebel Postura chairs offer:

- Superior pressure support curves
- Extra large lumbar air ventilation in the backrest
- New flexing air bridge supporting the chair
- Anti-rocking system, designed to resist rocking backwards

Postura[®] Plus
4 leg on castors

Postura[®] Plus
Reverse Cantilever chair

Postura[®] Plus
Sled chair

Postura[®] Plus music chair

Designed to ensure students can play their instruments more ergonomically and comfortably. The slight tilt to the front improves posture and keeps students fresh and free from fatigue. With its curved edge and forward perching design, it does not cut off blood circulation to the student.

Creates a forward tilt, utilising a 510mm high back leg and 460mm high legs at the front.

The chair can also be interlinked to create groups more easily.

Strive chairs

Designed by Giancarlo Piretti, the Strive chair embodies simplicity, class and style. Its clean, elegant form flexes with back slats, while its simple design blends in with a wide variety of architectural styles. Ecologically aware, Strive is 100% recyclable. The elegant style is appropriate for corporate interiors and education environments.

- Flex back encourages movement, relaxation and enhanced circulation
- 4 leg chair supports a static seated load of 136kgs
- The radiused back conforms to the users back for exceptional support
- The contoured seat dissipates pressure points
- Optional dolly for easy transportation
- Available in various colours
- 100% Recyclable
- Stackable
- Easy to clean
